In another column an article appears on Sailor's International Homes, which will be read no doubt with interest, as at the present time the subject of a new Sailors' Home in Honolulu is engrossing public attention.

In his address at the Y. M. C. A. hall, Thursday evening, Dr. C. M. Hyde said "that Mr. Berger, the peerless bandmaster, had arranged for a series of open air concerts in the Queen Emma Hall grounds, and that benches would be provided for those who attended."

Six Japanese were Friday committed for trial in the Supreme Court on a charge of riot. They belong to the Heeia Plantation, and because another Jap would not help them in a contemplated strike, they serenaded him with tin-can music, threw stones and broke the windows in his room.

Wednesday night the members of the Mikado Company left the Club Stables in busses and other conveyances, and were driven to Mr. H. J. Nott's residence at Kapiolani Park, where they had a most enjoyable time. A nice supper was served during the evening, and there was dancing and music.

In the Fiji Islands, says an exchange, the remedy for a disease among the bananas was discovered through accident. The sea broke in and flooded the grounds, killed the plants, but afterward new shoots free of the disease were seen to spring up, and the planters have therefore taken to watering their infected plantations with sea water.

The Planters' Monthly

For this month reprints Mr. Forsyth's report on Coffee, which first appeared some two years ago, and is perhaps the best statement regarding this industry which has been published here. Mr. F. is now manager of a large coffee plantation in Guatemala, Central America, established by a company having \$150,000 in the business, which is reported as doing well. There can be very little doubt that coffee may be made a successful enterprise here, if started in a location favorable to the plant, and by men competent to carry it on. The price of coffee all over the world is high, from twenty cents at wholesale to thirty cents and over at retail. An interesting article on the Sugar Industry in Florida will repay perusal, as will also Mr. Oxnard's address on the European Beet Sugar Industry. A page or two on Ranie gives the latest news about it known here. The chief obstacle in the way of utilizing ramie for purposes of trade appears to be the want of a perfect machine to clean the fibre, and render it fit for manufacturing purposes.

Breaking Government Seals.

In the Police Court, Saturday, Peter Peterson and Wm. Hedeman, two sailors, were charged with violating section 552, Civil Code, as amended in Chapter 15, Laws 1884, in Honolulu, on the bark Forest Queen, on April 24th, by breaking Government seals affixed by an officer of the Customs on said vessel.

The men admitted breaking the seals, as charged, but said they did not intend to break them, and did not know there were any seals there. They went into the fore hold to sleep because they were troubled by the mosquitoes in the fore-castle.

His Honor sentenced them each to six months' imprisonment at hard labor and to pay \$2.50 costs.

RECEPTION AT "WOODLAWN."

Mr. and Mrs. Dillingham Entertain a Large Number of Guests at Their Residence.

On Friday evening Mr. and Mrs. B. F. Dillingham gave a reception at their residence "Woodlawn," in honor of Mr. and Mrs. G. F. Allardt and Miss Allardt. Mr. Allardt is the consulting engineer of the Oahu Railway and Land Company and a gentleman of much ability and experience. Mrs. and Miss Allardt arrived on the last steamer from the Coast. The reception was a very elegant affair, and characterized by the artistic and elaborate arrangements.

The house has lately been enlarged and improved, more rooms being added, and is in every way a very commodious residence. The furnishings throughout are very handsome. A veranda room of large dimensions with colored glass is as cosy a spot as one could imagine. The front of the house and the grounds were illuminated with hundreds of colored lanterns, presenting a most charming appearance. Lanterns were also hung in a number of bushes in the grounds giving a unique effect, in fact the whole place was one blaze of light. The interior of the house was also brilliantly lit up and there was a profusion of pretty floral decorations, the atmosphere being heavy with the perfume of choice flowers.

The invited guests, numbering over two hundred, were most agreeably entertained by Mr. and Mrs. Dillingham. Refreshments were served during the evening. The Hawaiian band was stationed on the lawn and played choice selections during the reception which lasted about two hours.

THE MORNING STAR.

Return of the Missionary Vessel from the Gilbert Islands.

The barkentine Morning Star, Capt. Garland, returned to Honolulu from its missionary voyage among the islands of Micronesia, coming into port Sunday morning at 7 o'clock. The voyage up was a favorable one, strong south winds bringing the vessel quickly on her way. The Star comes up from Kusaie, visiting the Marshall Islands on a free home, and bringing up a mail from the German authorities at Jaluit. Rev. E. T. Doane was taken ill while on the Star, visiting the islands around Ponape. His health had been failing for some time, and the extra work involved in visiting the different neighboring islands broke him down completely. The only thing to be done was to bring him up to Honolulu. Leaving Ponape February 26th, he has been sick on board the Star the whole two months. Mr. Henry Oldham, a trader long resident on Ponape, came up with him to be his nurse and companion. Dr. G. P. Andrews went at once on board the Star and advised Mr. Doane's immediate removal ashore. He was taken to the residence of Rev. Dr. Hyde, and though extremely weak is recovering somewhat already from the effects of the voyage and protracted illness. The Star left Kusaie March 6th. A daughter was born, the day previous, to Mrs. Forbes, widow of the young missionary who died at Kusaie October 29th. The Spanish authorities have taken possession of Oua, at Mission Station, where they propose to build a fort, as they did at Kenau. The Spanish government has never reimbursed the missionaries for the property seized at that place, although they agreed to pay \$5,000. It will probably be just the same at Oua. It is high time that the United States government had some consular agent or official resident in Micronesia. The islands are being opened to commerce, and American traders as well as missionaries ought to have protection from their government against injuries and injustice from other nationalities. Rev. J. H. Mahoe, delegate of the Hawaiian Board, and two Hawaiian missionaries to the Gilbert Islands, with their wives, returned in the Star. Mrs. Paalubi, and Mrs. Lutera have some bronchial ailments which could not be cured in the hot and debilitating climate of Micronesia. A large audience gathered at Kawaiahaeo church last night to hear the very interesting addresses of Rev. Messrs. Mahoe, Paalubi and Lutera.

Resolution Adopted.

The following resolution was adopted at a meeting held yesterday: "Whereas, the Marshal of the Kingdom is arming the police and others, and calling them together at unseasonable times under pretense of threatened disturbance, and

"Whereas, the Representatives of the National Reform Party believe that such demonstrations are calculated to create unnecessary alarm, and

"Whereas, we have the moral assurance that, so far as the National Reform party is concerned, there is no cause whatever for alarm or disturbance, and

"Whereas, we are using and will use every effort to preserve the peace; therefore, be it

"Resolved, that the members of the National Reform party in meeting assembled, condemn the action of the Marshal or others concerned, as being not only hurtful to the well-being and good repute of this community, but even dangerous to the general peace."

THE STARS FALL.

A Fair Game of Baseball at Makiki Grounds—The Kamehamehas Came out Ahead.

Between fifteen hundred and two thousand persons were on the Makiki grounds Saturday afternoon to witness the game of baseball between the Kamehamehas and Stars. The grand stand was crowded in every part, large numbers of the fair sex being in attendance. The weather was all that could be desired for a game of baseball.

The Kamehamehas played a good game throughout. Davis struck out no less than ten of the Stars, and Pahau did good work behind the bat. Little Makaimoku at short did some pretty fielding. Mahuka guarded the first bag well, and proved a good batter. For the Stars, Chas. Wilder played well at short, while Carter certainly deserves much credit for his good work at second. Chandler, the pitcher, only struck out three men.

THE PLAY.

First innings—Kamehamehas to bat. Pahau was hit by pitched ball, and stole second. Wise hit to Wodehouse who threw wild to first, Wise taking his second and Pahau scoring. Crowell died to Winter, Davis and Mahuka both retiring at first. 1 run.—Chas. and Chas. Wilder both struck out, the crowd yelling frantically. Chandler made a single to right, but it did not count anything as J. Perry directly after fanned the air with just as much skill as the Wilder brothers had done. No runs.

Second innings—Lawelawe died to Chandler, Makaimoku failed to reach first, Wahinemakai hit to Carter who fumbled, and the batter took his first and stole his second, but Richards ended the innings by going out at first. No runs.—Wodehouse got his base on balls, stole second, but was put out attempting to steal third. A. Perry was pleased when he was given his base on balls, his second he stole. Conrad flied to Pahau, Winter took his first on balls and arrived at second very much out of breath, having made a steal. Carter got in a nice hit to right field, A. Perry and Winter scoring. Chas. Wilder retired at first. 2 runs.

Third innings—Pahau was given his first on balls, stole second; Wise hit to A. Perry who fumbled and before he got the ball in his hand again, Wise was perched on the second bag and Pahau had crossed the home plate. Crowell died at first. Davis made a beautiful hit to right field for three bags, sending in Wise. Mahuka got in a single to left field, Davis tallying. Lawelawe fanned the air three times. 3 runs.—Chas. Wilder went out at first, Chandler made a base hit to right. J. Perry hit safely and stole his second; Wodehouse made a short hit, Chandler improving the occasion by scoring. J. Perry thought he would score, but failed, and A. Perry fanned out. 1 run.

Fourth innings—Makaimoku retired at first from Carter. Wahinemakai hit to Carter, who fumbled, the batter taking his first and stealing second. Richards pounded the air three times and took his seat on the bench. Pahau got his base on balls and stole second. Wise made a single, Pahau scoring. Wise stole his second and third and reached home on a wild throw by Chas. Wilder. Here, unfortunately, the play stopped for about ten minutes. The Stars claimed that Pahau had interfered with one of their fielders while running between second and third. Mr. Boardman did not see the interference, and so stated, and directly afterwards retired from the diamond. A few moments later Capt. Pahau of the Kamehamehas went and asked him to umpire again, but he refused. At the end of ten minutes H. M. Whitney, Jr., of the Honolulu and M. K. Keohokaloale of the Hawaii were agreed upon as umpires and play was resumed. Crowell hit a single to right field and stole second, but the innings ended by Davis going out at first. 3 runs.—The stars retired quickly, Conrad and Winter at first, Carter giving a fanning exhibition. 0.

Fifth innings—Mahuka hit safely to center, but was put out attempting to steal second. Lawelawe got in a single to center, and Makaimoku did likewise. Wahinemakai retired at first. Richards but one up in the air which Chandler muffed, Lawelawe crossing the plate. Pahau got in a two bagger, Makaimoku and Richards tallying. Wise made a single, Pahau scoring. Crowell going out on a foul fly. 4 runs.—Chas. Wilder took his base on balls and stole second. Chas. Wilder was also given his first on balls. Chandler slipped up at first. J. Perry made a sacrifice hit, Chas. Wilder scoring. Wodehouse flied to Davis. A. Perry got to his first on balls. Conrad hit to Mahuka, who fumbled, this giving Chas. Wilder and A. Perry a good chance to score, which of course they accepted. Winter ended the innings by striking out. 3 runs.

Sixth innings—Davis flied out, Mahuka rapped a single to second, Lawelawe and Makaimoku both died at first. 0.—Carter was hit by a pitched ball and stole second. Chas. Wilder made a base hit and his brother Charles followed suit. Chandler flied to Wahinemakai and J. Perry retired on strikes. Wodehouse made a sacrifice hit, and Chas. Wilder attempting to score was put out near the plate. 1 run.

Seventh innings—Wahinemakai

and Richards both hit flies to Carter which he gobbled, and Pahau died at first. 0.—A. Perry flied to Lawelawe, Conrad struck out. Winter hit a fly to Wise who muffed, Carter flied to Mahuka. 0.

Eighth innings—Wise and Crowell retired at first. Davis rapped a single to right field and stole both second and third bases. Mahuka was out at first from Carter. 0.—Chas. Wilder flied to Mahuka, Chas. Wilder fanned three times gracefully, and Chandler died at first. 0.

Ninth innings—Lawelawe got in a hit to right field but was put out between second and third. Makaimoku and Wahinemakai both retired at first. 0.—J. Perry hit a single to right field and stole second, Wodehouse got his base on balls and very quickly stole to second. A. Perry after making a base hit and letting J. Perry and Wodehouse score, was put out trying to reach second. Conrad hit for one bag but in his eagerness to steal second was declared out. Winter gave a capital display of fanning the air three times. 2 runs.

IS IT SUICIDE?

Mark Twain tells the story: that at the inquest held on the body of Buck Panahau—who during the delirium of a raging typhoid fever had taken arsenic, shot himself through the body, cut his throat, and jumped out of a four-story window, breaking his neck—the jury, after due deliberation, said and found, with intelligence unclouded by the sorrow brought in a verdict of "death by the visitation of God."

Back undoubtedly committed suicide, and so does every one who neglects the first symptoms of approaching sickness and disease. Nature always gives ample notice of any disturbance of physical processes; sometimes it is neuralgia, sometimes a sharp shooting pain in the abdomen or side, or a dull or throbbing headache; no two persons get the same symptoms. What you have to do is to attack the first symptoms, for if consumption, dropsy, cancer or Bright's disease once gets a start, you cannot stop its headlong course to the grave. These are facts there is no disputing, for all the medical skill in the world cannot do much for you when real organic disease has set in.

We emphatically recommend CLEMENTS' Tonic because we know by personal experience and by the evidence of influential and reliable people who have used it that it will do good and prevent disease. CLEMENTS' Tonic is a medicine that invigorates and strengthens the entire corporeal organism; it does not only affect certain members but strengthens the whole system, thus preventing the attacks of disease.

The Tonic and Adeloid Times says—"CLEMENTS' Tonic certainly deserves the popularity it has acquired, we have had proof positive, in cases (under our notice) in this neighbourhood, of its valuable properties."

Mr. T. Garrett, M. P., says: "I have taken CLEMENTS' Tonic with great advantage."

Mr. John Plummer, (Fort-street Public School) says: "Mrs. Plummer has frequently derived great benefit from the use of CLEMENTS' Tonic."

Mr. S. D. Wood (Vergar of All Saints Cathedral, Bathurst), writes: "That he found CLEMENTS' Tonic a grand pick-me-up and it completely cured him of low spirits, indigestion, giddiness and humming noises in the ears."

Mr. G. Swan, Junee Junction, who suffered from debility, cardiac weakness and nervousness, following on typhoid, took CLEMENTS' Tonic and says, "That after taking 6 or 7 bottles his health was fully restored, and that he can now eat anything and do any reasonable amount of work, whereas before taking CLEMENTS' Tonic he could do none at all."

CLEMENTS' Tonic can be obtained from all medicine dealers or from
